2 The On Board Experience

Caledonian Sleeper is a unique UK train-operating company, focusing solely on running sleeper services. To us, Caledonian Sleeper is about hospitality – and you are our guest.

Our service aims are to combine what you would expect of a hotel with the safe and punctual journey of a high-performing long-distance train operator. Our staff will do all they can to make your journey as enjoyable as possible.

We have designed our on board service to provide you with flexibility and a choice of accommodation, food and service. We offer a number of accommodation options with rooms or reclining seats.

At the heart of our trains is the Club Car – a place for our guests to unwind and enjoy our range of Scottish Food and Drinks.

Caledonian Double/Club guests are given priority in the Club Car when it is busy, however all guests who have rooms booked will have the option to purchase from our extensive room service menu. Guests in our Seated Coach can enjoy an at-seat service from our dedicated Seated Menu.

Our Scottish seasonal menus, updated regularly, have ingredients sourced from Scottish suppliers and include evening meals, breakfast, snacks, hot and cold drinks and alcohol. We have won the VisitScotland ‘Taste Our Best Award’ for the food that we serve on board. You can find our latest menus on sleeper.scot.

Pre-trip emails are sent upon booking which provide information about our menus and how to book a seat in the Club Car. Our menu offers both gluten-free and vegan options (subject to availability). We ask guests to inform us of their dietary requirements at the time of booking and our staff will be on hand to answer any questions you may have.

If you have booked a room, you will find a breakfast card in your room allowing you to order when you board. For our seated guests, you can order breakfast on board from our dedicated Seated Menu.

All rooms are air-conditioned and non-smoking (including e-cigarettes). We provide bedding, pillows, bedside lighting, wash basin, soap and towels for each room guest. All guests will receive a sleep kit. Toilets are located at the end of each coach and our Caledonian Double and Club rooms have their own private en-suites with a toilet and shower.

Our seats are situated in comfortable air-conditioned, non-smoking coaches. All of our reclining seats have a tray table, footrest, charging point, individual reading light and lockable storage for small valuables. Choose to stretch your legs, take advantage of our at seat food and drink service, read, or drift off to sleep until you arrive at your destination.

Shower facilities are available to guests at certain stations. Guests travelling in our Classic Rooms or Seats can purchase a shower token on board for use at these locations. You can find details of these on **sleeper.scot** and please speak to your Host to purchase your token.

3 Buying or Changing Your Ticket

Caledonian Sleeper Tickets

Buying a ticket for the Caledonian Sleeper has never been easier. You can buy a ticket from our website by visiting sleeper.scot, through our Guest Service Centre telesales facility or from a number of station ticket offices. For tickets bought through us directly, we supply E-tickets, meaning you can print tickets yourself or use your electronic device to show your ticket.

Fixed and Flexible Caledonian Sleeper Tickets Fixed and Flexible Caledonian Sleeper tickets which include a reservation, are sold on a single (one way) journey basis. If you need a return simply buy one ticket for your outward and another for your return journey. For more information please refer to our Terms and Conditions which can be found on sleeper.scot.

Buying Directly through Caledonian Sleeper Buying direct ensures we can contact you in the event of any changes to your journey and also means you can pay for items not available through other retailers, such a travel for your pet (please see Section 6.4 for more details). Booking direct also allows us to send you offers from time to time – saving you even more.

If your plans change and you require a refund you must visit the same retailer from where you bought your ticket. Please see Section 6 for details of refunds, including restrictions.

National Rail Tickets

If you have a National Rail ticket, you can travel in our seated accommodation at no extra cost.

If you hold a National Rail ticket and wish to travel in a room, you will need to purchase a Room Supplement in addition to your National Rail ticket. You can purchase this supplement on our website sleeper.scot, from our Guest Service Centre and from many rail station ticket offices. Please note, a Room Supplement is not a travel ticket and cannot be used for travel on its own. Guests who purchase Fixed or Flexible Caledonian Sleeper tickets from us directly to travel in a room do not need to purchase a Room Supplement.

National Rail Tickets can be purchased from any Ticket Office, Ticket Vending Machine or any other on-line retailer.

To travel on Caledonian Sleeper services, you are required to hold a confirmed reservation. We do not allow standing on our services. We reserve the right to refuse travel to anyone who does not hold a reservation for an overnight journey.

This restriction does not apply on the daytime legs in Scotland between Kingussie and Inverness, between Edinburgh and Fort William and between Fort William and Edinburgh. Travel on these services is subject to seat availability and guests are required to hold a valid ticket for travel. You can purchase a ticket for travel from our on board team, if you have been unable to purchase a ticket from the station in advance.

Conditions of Carriage

This Guest Experience Charter sets out our commitment to you and to raising our standards. Your legal rights are set out in the National Conditions of Travel which you can get from our Guest Service Centre or from nationalrail.co.uk/times_fares/46427.aspx

As this is an overnight service, to make sure of everyone's safety and comfort we have additional conditions about children, pets and firearms. These are explained in Section 6.

4 Refunds

4.1 If You Choose Not to Travel

If you choose not to travel, Caledonian Sleeper only offers refunds on Flexible tickets, and Room Supplements, you will not receive a refund if you have purchased a fixed ticket.

If you decide not to travel, 'Caledonian Sleeper Room Supplements' are refundable until 12 noon two days before you were due to arrive at your destination. We cannot make refunds after this 12 noon deadline. There is a £10 administration fee for each transaction refunded.

If you have bought a National Rail ticket which you do not use, please contact the retailer you bought your ticket from up to 28 days after your ticket's expiry date and they will refund you the unused portion. There is a £10 administration fee for each transaction refunded. Your original retailer may charge you an administration fee.

You must claim a refund in the same manner that you purchased your ticket. For all refund requests for tickets purchased from third parties, you will have to request your refund from the retailer who sold you the original ticket.

All refund requests for tickets bought on **sleeper.scot** or through our Guest Services Centre must be made in writing, including the original tickets (except e-ticket), and sent to our Guest Service Centre.

4.2 In the Event of Service Disruption

If your train is cancelled or its departure is delayed by over 60 minutes and you decide not to travel on the day, we will provide a full refund without an administration charge. You will have to request this refund from the retailer who sold you the original ticket.

If you are claiming a refund because your train was cancelled or delayed, or we cannot honour your reservation, and you purchased your tickets from us directly through our website sleeper.scot or through our Guest Service Centre, please return your tickets to us within 28 days of the expiry of their validity.

If you travelled but your train was delayed, you may be entitled to a delay repay payment. Please see Section 5 for full details and how to claim.

If your booked accommodation type cannot be provided, you may be entitled to compensation or a full refund if you no longer wish to travel. Please see Section 5 for full details and how to claim.

For all other refund requests for tickets bought on **sleeper.scot** or through our Guest Service Centre, these must be received by our Guest Service Centre by 12 noon two days before your scheduled arrival time at your destination.

You can find a copy of our refund request form on **sleeper.scot**. We aim to process correctly claimed refunds within 10 working days of receiving your request. Further information can be found on sleeper.scot under 'Terms and Conditions'.

When we make a refund, we will use the original form of payment you used, or if requested, by National Rail Vouchers. The card issuer will refund the purchase price under the terms of the card agreement. Your refund can take three to five working days to appear into your account.

5 Delay Repay

If Caledonian Sleeper arrives late by 30 minutes or more at your destination, we will compensate you part of your ticket price, depending on how long you were delayed. Figure 2 shows the compensation levels.

Please keep your ticket and return it to us along with one of our Delay Repay claim forms. You can submit the form via the website if your reservation is made directly through Caledonian Sleeper. Our Delay Repay claim forms will be available on our trains, at our main departure stations (London Euston, Aberdeen, Edinburgh Waverley, Fort William, Glasgow Central and Inverness) and from our Guest Service Centre. We also have it available to download, or an online form to complete, on sleeper.scot. If you have purchased your ticket directly from us there is no need to return your tickets. Please quote your CSW or CST booking reference number and we will be able to process your claim from these details.

We will aim to compensate you within 28 working days of receiving your claim, if it is appropriate: We will offer compensation as a partial or full refund, using the same payment method you used to buy the original ticket; or National Rail Travel Vouchers, valid for up to one year, to be used for payment or part payment of a future journey.

When your booked accommodation is not available

We will compensate you if your booked accommodation is not available. In all cases, we will inform you of this as soon as possible and try to provide an alternative or provide you a full refund if you no longer wish to travel. If you do not wish to travel and you did not purchase the tickets through Caledonian Sleeper you need to seek the refund from where you purchased the ticket. Details of refunds and compensation are shown in Figure 3.

Please send your claim to our Guest Service Centre within seven days of your journey.

Note: If the Caledonian Sleeper is late by 120 minutes or more and you have bought a National Rail return ticket, you will receive a full refund of the fare and Room Supplement. If you have bought a 'Caledonian Sleeper-only' ticket you will receive a full refund of the single fare.

Unresolved complaints

Please give us the opportunity to try to resolve your complaint. If you're unhappy with the response you receive, you have the right to appeal to the Rail Ombudsman. The Rail Ombudsman is there to help resolve on going complaints between us and our guests. It's free to use their services and they are independent of the rail industry. They don't take sides, but just look at the evidence available. They will help us both to try to reach an agreement, but if this doesn't happen, they will make a decision based on the evidence they've received. If you agree with their decision, then we have to act on what they say.

You can appeal to the Rail Ombudsman if:

- You're unhappy with our final response to your complaint which will be contained in a letter or email (sometimes called a 'deadlock letter');
- We haven't resolved your complaint within 40 working days of receiving it; and
- No more than 12 months have passed since we sent you our final response

There are some complaints that the Rail Ombudsman won't be able to look into, for example if it's about the way one of our services has been designed, industry policy, or if your complaint relates to an event which took place before the Rail Ombudsman service was established. If that's the case, then they'll

contact you to let you know. If possible, they will transfer your complaint to another organisation that may be able to help you further, such as Transport Focus or London TravelWatch, the independent consumer watchdogs for the rail industry. They will independently review your complaint and where appropriate, follow things up on your behalf.
